

Vision

Accepting the Challenge of Excellence

Mission Statement

The mission of Arab City Schools is to prepare all students to accept the challenge of excellence and to foster lifelong learners who are contributing members of society.

Arab City Schools believes ...

All students can learn when provided a nurturing environment, a challenging curriculum and appropriate instruction.

Reliable assessment data should be used to measure student performance, evaluate the effectiveness of instruction and facilitate continuous academic growth.

Appropriate cognitive, social and technical capacities should be developed by all students to succeed in the 21st century.

Building collaborative relationships promotes student success, fosters community support and encourages the pursuit of excellence.
